Golf club Laval-sur-le-lac

PLAY WITH PURPOSE, SWING FOR INCLUSION!

Mission inclusion is spreading its impact across Quebec by supporting **20 projects** carried out in partnership with committed community organizations. These collaborations aim to **strengthen the capacities** of those who provide essential support to vulnerable people facing challenges such as **homelessness, food insecurity and social inequality**.

By focusing its actions on **young people, families, seniors and people in precarious situations**, Mission inclusion not only meets urgent needs. It also works to build a fairer, more inclusive future.

Join us and change lives,
one stroke at a time!

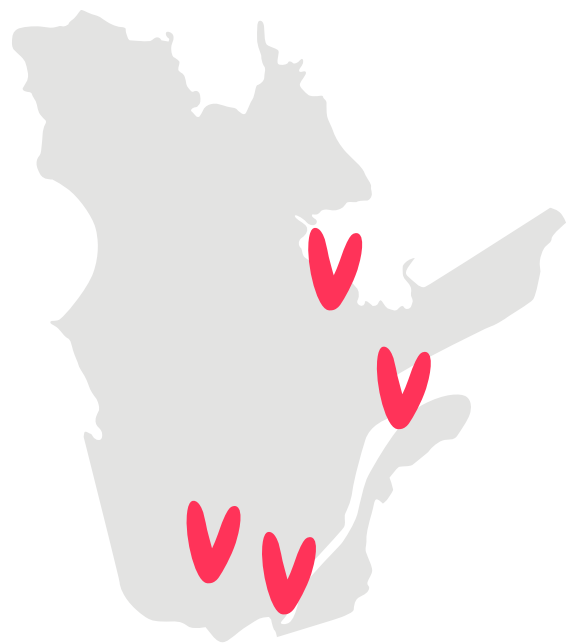

Your participation is more than just a round of golf: every shot you play contributes directly to creating opportunities and bringing hope to those who need it most.

Together, let's aim for \$200,000!

This amount will enable Mission inclusion to support five organizations that are transforming the lives of young people in Quebec.

Your commitment makes all the difference!
